DETAILED ACTION

1. This Office action acknowledges the applicant's Amendment submitted 12 July 2004. Claims 1-23 are pending in the application. Claims 11-14 and 16-23 are withdrawn from further consideration as being directed to a non-elected invention.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 15 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 15 recites the limitation "said fluid containing vial" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

4. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Sinn (US 5,386,908; previously supplied to applicant).

Regarding claim 1, Sinn discloses a package 12 with a first product component 13, a first holding means 30, a second product component 17, and a second holding

Art Unit: 3728

means 38'. Sinn notes that second product component 17 can be unattached (Col. 3, lines 12-14) and in the unattached state, the second product component is attachable to the first product component 13 (by means of product component 15) without removing either the first or second components from the package.

As to claim 2, the components of Sinn are movable relative to one another.

5. Claim 15 is rejected under 35 U.S.C. 102(b) as being anticipated by Boaz et al (US 5,833,099).

Boaz discloses a package 16 for an applicator nozzle 14 and a vial 18 comprising a holding means 16A, which functions as claimed by the applicant.

Allowable Subject Matter

6. Claims 3-10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

7. Applicant's arguments with respect to claims 1-10 and 15 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
